Israel Olive Bond

*“... All the land that you see I will give  
to you and your offspring forever”.*

*Genesis 13:15*

## Dear True Friend of Israel,

I would like to congratulate you on becoming a Partner in the Israel Olive Bond program.

**For the last decade Israeli farmers have suffered from a terrible drought of Biblical magnitude.**

Muslim Fundamentalist organizations funded by petrodollars from Arab Gulf States have taken advantage of the financially disastrous situation many Israeli farmers were driven into, by purchasing their land for a mess of pottage, and forcing them into lives of poverty and misery, all as part of their satanic plan to destroy Israel by taking control of its land, and merging it into the surrounding Muslim territories.

**Only the olive trees**, that can survive, prosper and give fruit with very little or even no water, **can create a considerable income for the Jewish farmer** and making the cultivation of the land worthwhile, and therefore protect the land of Israel from falling into Muslim hands.

**We, an Israeli Zionist agricultural organization, support our fellow farmers** - help them to maintain their groves and plant more olive trees, and then we export the olive oil yield to our loyal Partners all over the world.

Throughout this remarkable journey which you are embarking upon with us, Israeli farmers, I strongly believe we will see what God promised to Abraham in Genesis 12:3:

*“And I will bless them that bless thee...  
and in thee shall all families of the earth be blessed.”*

Your covenant of support (especially at these critical times for Israel) that helps us to protect and cultivate our lands in Israel - will not be ignored!

From now on you will be able to receive – direct from Galilee to your doorstep - olive oil and related food and other products made from the yield of your personal olive tree.

**We encourage you to share the Israel Olive Bond experience with friends and family who have Israel in their hearts.** Give them the opportunity to be a part of this sacred mission of saving the land of Israel, and create for them an everlasting bond with the land of the Bible!

May God bless you for all of your good deeds,

Shalom from Israel,

**The Israel Olive Bond Team and Farmers**

# Who We Are

**We are an Israeli Zionist farmers'** organization. Together with our many supporters, Christians and Jews alike from all over the world, **we struggle against the Fundamentalist Muslims' satanic plan** to take over the control of Israel's agricultural lands.

We do so by intensive olive tree cultivation as only the olive trees, that can survive, prosper and give fruit with very little or even no water - creating a considerable income for the Jewish farmer and making the cultivation of the land worthwhile, and therefore **protect the land of Israel from falling into Muslim hands.**

# Our Groves

All the groves we tend and support are located in the north of the State of Israel. They are all close to Biblical sites, mainly **in Galilee, the region most at risk of falling under the control of fundamentalist Muslims**, in the furtherance of their satanic plan to destroy Israel by usurping its agricultural land.

The farmers we work with and support are all **Jewish Israelis who live near the groves.** They have all served in the IDF (Israel Defense Forces), some of them in very senior positions, such as fighter pilots, commandos, artillery forces and so on.

# What's So Special About Olive Trees?

**Many Israeli farmers have been driven into a financially disastrous situation due to a decade of drought** of Biblical magnitude. They are taken advantage of by Muslims who purchase their land for a mess of pottage, all as part of their satanic plan to destroy Israel by taking control of its land.

**Only the olive tree can survive with very little or no water even in drought years** and still continues to flourish and bear fruit, **creating a considerable income for the farmer** and making the cultivation of the land worthwhile. Thanks to your support - Israeli farmers are encouraged to return to their land and cultivate olive trees, and are able to stand strong against Muslim attempts to purchase their lands.

# Your Personal Olive Tree in Israel

Your tree is located in a grove in Jezreel valley near Tel Megiddo.

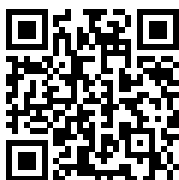

Megiddo is mentioned 38 times in the Bible. It first appears in Joshua 12:21. Menashe was the tribe of Israel that settled in this region.

The area where your tree is located is known also as "Armageddon", and nearby there are several other Biblical sites.

a green olive tree, beautiful  
with goodly fruit." Jeremiah 11:1*

# Our Olive Press

The process of extracting oil in our olive press is a unique combination of Biblical agricultural methods with state of the art technologies. **Our Biblical method of pressing the olives** gives your tree's oil a rare quality and wonderful taste, probably identical to the taste of the olive oil that was sent from Galilee to the **Temple in Jerusalem** in ancient times.

*"...Command the people of Israel to bring you pure oil from beaten olives for the lamp, that a light may be kept burning regularly". Leviticus 24:1*

**You are also helping the State of Israel in its battle against the anti-Semitic Boycott Israel movements** that have become very active recently in their hateful actions against Israel. Thank God Israel still has good supporters like you: **Each time you make a purchase from our online shop, of olive oil and other related Israeli food products that we send directly to your home – you are helping us to fight the Sons of Darkness and assuring that Israel will prevail in this war!**

*"...I have posted watchmen on your walls, Jerusalem; they will never be silent day or night. You who call on the LORD, give yourselves no rest". Isaiah 62:6*
